The South Carolina Department of Health and Environmental Control's (SCDHEC) Solid Waste Permitting Section has received a permit application from Richland County for the construction and operation of a Construction, Demolition, and Land-Clearing Debris Landfill. The proposed landfill is expected to have an approximate life of twenty-eight (28) years.

SCDHEC requires that a permit be issued for C&D landfills pursuant to S.C. Code Ann. Sections 44-96-10 et seq. (Supp. 2004) and 25A S.C. The type of waste(s) accepted by the Richland County C&D landfill will be limited by Appendix I of the above-mentioned regulation. Acceptable waste(s) include, but are not limited to, land-clearing debris, bricks, blocks, shingles, lumber, and other wastes listed in Appendix I that have not been in contact with lead-based paint, hazardous constituents, or petroleum products. Wastes that are not acceptable at C&D Landfills include household garbage, hazardous waste, and infectious waste. For a more detailed description of Appendix I acceptable waste(s), please contact one of the persons below to view the application, or receive a fact sheet. A copy of the regulation may also be viewed at www.scdhec.gov.
